Louann.

The below request appears to be one that should be handled by Region 4. Please advise if not. Thank you.

I Don Buckingham would like to request the report made on my property at 12 Dorothy Ann Lane, Saltillo, Tn. 38370 that Special Agent-U.S. E.P.A. office of the Inspector General- Jimmie L. Culbreth Jr. alleged he sent to the Assistant Tourney General. In September 2013 I sent my first request #EPA-R4-2013-010113 that latter became case #EPA-HQ-2013-010113. I was denied at that time because it alleged that it still remained open pending administrative action by Region 4. On December 6, 2013, this matter was referred to Michael Norman , Section Chief, in the Resource Conservation and Recovery Act Program, Region 4. I would like A copy of Michael Norman's report too. Michael Norman sent me A Email on July , 1 2014 - stating his investigation was complete. I have tried to under stand how my name can be forged on 2 ea. Documents, money spent testing my building and property that they were trespassing on, including entering my warehouse where I had goods stored, and no State or Federal official will do anything about it. I though that was their job, to protect U.S. Citizens.
